

ANNUAL INDEX

VOLUME 7, SEPTEMBER 1969—MAY 1970

AUTHOR INDEX

- Allen, John Eliot. *Mount Rainer—Our Only Glacial Volcanic National Park*. March 70:12
- Ballou, Mildred T. *Science Methods Courses for Elementary Teachers*. September 69:7
- Bennett, Lloyd M., Rose F. Spicola, and Marcia Vogelsang. *Pre-School Children Learn Science*. May 70:10
- Bogut, Thomas L. (Science and Teachers) November 69:5
- Branley, Franklyn M. *Eclipse 1970 Celestial Spectacle of the Century*. January/February 70:9
- Braswell, A. L. (Editorial) November 69:6
- Brennan, Matthew J. *The Conceptual Field Trip*. March 70:34
- Buethe, Chris. *Square Science*. December 69:21
- Butts, David P. and Earl J. Montague. *Who's Responsible for Learning?* May 70:17
- Carin, Arthur A. *Techniques for Developing Discovery Questioning Skills*. April 70:13
- Chapman, Jane and Margaret Z. *Perrie. A Monarch Travels First Class*. April 70:12
- Cooke, William Bridge (Letters) April 70:7
- Cordier, Mary Hurlbut. *Young Children's Attitudes About Environment*. October 69:19
- Crumb, Glenn H. *School Structures Versus the Science Curriculum*. November 69:31
- Davis, Dianne K. (Science and Teachers) November 69:5; April 70:5
- Demchik, Michael J. (Science and Teachers) December 69:8
- De Nevi, Don. "Nature"—*As A Teacher*. November 69:11
- De Vito, Alfred. *Potpourri with Purpose*. May 70:14
- Dobbie, Helen (Letters) December 69:6
- Donaldson, George W. and Robert E. Roth. *Building a Teaching Weather Station*. April 70:24
- Dorf, Erling. *The Fossil Forests of Yellowstone Park*. March 70:15
- Drummond, A. H., Jr. *Danger in the Backyard*. October 69:11
- Eckert, Jan (Letters) May 70:6
- Fields, Harold C. (Letters) December 69:6
- Frank, Stanley (Letters) May 70:6
- Gardner, Robert (Science and Teachers) September 69:6
- Goellner, William A. (Science and Teachers) December 69:8
- Goldsmith, Robert Howard. *Varied Uses of Iodine Vapor*. September 69:20
- Goodwin, Lilla M. *Basic Mycology*. April 70:9
- Gottlieb, Herbert H. (Science and Teachers) May 70:5
- Hamilton, Donald K. and Maurice G. Kellogg. *Teacher Education in Action*. September 69:24
- Hamming, Edward. *Conversations with the Earth* (Science Seminar) October 69:37
- Hennings, Dorothy Grant. *Laws of Inertia*. December 69:12
- Henschel, Floyd R. (Letters) May 70:5
- Hickel, Walter J. (Editorial) March 70:3
- Hoger, Charles E., John D. Woolever, R. Stephen Thompson, and Ouida L. Verizzo. *Chance of a Lifetime*. January/February 70:15
- Hubbard, Victor (Letters) September 69:4
- Hudgins, William Kent and Ronald E. Reed. *Reading: The Science Teacher's Concern*. November 69:19
- Hunter, Dierdre. *What Is Science?* October 69:Cover II
- Iona, Mario (Letters) January/February 70:5
- Jeananne, Sister Mary (Science and Teachers) September 69:6
- Johns, Kenneth W. and William A. Meister. *The Seed with a Twist*. April 70:22
- Johnsten, Thomas D. *Mold Culture*. January/February 70:25
- Kellogg, Maurice G. and Donald K. Hamilton. *Teacher Education in Action*. September 69:24
- Kissinger, Paul B. *A Human Computer*. April 70:18
- Klimas, John E., Jr. (Letters) September 69:4; *Education and Our Ecological Crisis*. March 70:30
- Knapp, Clifford E. (Letters) September 69:4; *School Ground Deserts Can Flower*. January/February 70:30
- Koepke, Charles A. III (Letters) January/February 70:5
- Kondo, Allan K. "Children Can't Think." October 69:31
- Kozar, Frank. *Inexpensive "Riker" Mounts*. January/February 70:24
- Lindaman, Arnold D. (Science and Teachers) May 70:5
- Lowery, Lawrence. *The Vivarium*. October 69:22
- McCarthy, Francis W. *The Preparation of Oxygen*. April 70:16
- McCauley, Maurice J. *Try It On for Size*. October 69:26
- McQueen, Richard E. (Letters) December 69:6
- Makoff, Rhoda (Editorial) October 69:8
- Matthews, William H. III. *America's Open-Air "Classrooms"*. March 70:7
- Meister, William A. and Kenneth W. Johns. *The Seed with a Twist*. April 70:22
- Mistrot, Jack (Letters) September 69:4
- Montague, Earl J. and David P. Butts. *Who's Responsible for Learning?* May 70:17
- Naiman, Adeline (Letters) April 70:7
- Nelson, Pearl Astrid. *Take Some Papers*. September 69:12
- Oakeshott, Gordon B. *Geology of the Yosemite Valley*. March 70:18
- Olsen, James. *Viewing Solar Crescents*. January/February 70:21
- Orsborn, Edward E. (Letters) May 70:6
- Pafford, William N. *Classroom Foils*. January/February 70:22
- Pampe, William R. *Sand*. January/February 70:27; *Nature's Hot Water Heaters*. March 70:32
- Perkes, Victor A. *Perception, Size, and Distance*. May 70:7
- Perrie, Margaret Z. and Jane Chapman. *A Monarch Travels First Class*. April 70:12
- Ploutz, Paul F. *What Is Home?* April 70:Cover II
- Powell, Richard L. *Limestone Caverns*. March 70:36
- Reed, Ronald E. and William Kent Hudgins. *Reading: The Science Teacher's Concern*. November 69:19
- Renner, John W. and Don G. Stafford. *The First-Grade Scientist*. December 69:9
- Rice, Charles (Science and Teachers) April 70:5
- Rice, Michael. *Fooling Around with Water*. December 69:16
- Ritz, William C. *What Do You Remember from Elementary School Science?* October 69:34
- Rogers, Robert E. and Alan M. Voelker. *Programs for Improving Science Instruction in the Elementary School*. ESS (ERIC) January/February 70:35

ANNUAL INDEX

VOLUME 7, SEPTEMBER 1969—MAY 1970

AUTHOR INDEX

- Allen, John Eliot. *Mount Rainer—Our Only Glacial Volcanic National Park*. March 70:12
- Ballou, Mildred T. *Science Methods Courses for Elementary Teachers*. September 69:7
- Bennett, Lloyd M., Rose F. Spicola, and Marcia Vogelsang. *Pre-School Children Learn Science*. May 70:10
- Bogut, Thomas L. (Science and Teachers) November 69:5

- Pampe, William R. *Sand*. January/February 70:27; *Nature's Hot Water Heaters*. March 70:32
- Perkes, Victor A. *Perception, Size, and Distance*. May 70:7
- Perrie, Margaret Z. and Jane Chapman. *A Monarch Travels First Class*. April 70:12
- Ploutz, Paul F. *What Is Home?* April 70:Cover II
- Powell, Richard L. *Limestone Caverns*. March 70:36
- Reed, Ronald E. and William Kent Hudgins. *Reading: The Science Teacher's Concern*. November 69:19
- Renner, John W. and Don G. Stafford. *The First-Grade Scientist*. December 69:9
- Rice, Charles (Science and Teachers) April 70:5
- Rice, Michael. *Fooling Around with Water*. December 69:16
- Ritz, William C. *What Do You Remember from Elementary School Science?* October 69:34
- Rogers, Robert E. and Alan M. Voelker. *Programs for Improving Science Instruction in the Elementary School*. ESS (ERIC) January/February 70:35

Roth, Robert E. and George W. Donaldson. *Build a Teaching Weather Station*. April 70:24

Ruchlis, Hy. *Continuing "A Fresh Look at an Old Experiment."* September 69:18

Salamone, Robert L. (Science and Teachers) September 69:6

Samples, Robert E. *Nature and Creativity*. November 69:9

Schleicher, Russell F. *Meteor Craters*. October 69:27

Schultz, Beth. *Your Town, A Biotic Community with People*. October 69:15

Selya, Gerald (Science and Teachers) November 69:5

Shrigley, Robert L. *A Light Year Is a Light Year Is a...* November 69:25

Skelton, Marion A. *"A Time To Dye."* November 69:15

Spear, Irwin. *How Does Your Garden Grow?* (Science Seminar) September 69:27

Spicola, Rose F., Lloyd M. Bennett, and Marcia Vogelsang. *Pre-school Children Learn Science*. May 70:10

Stafford, Don G. and John W. Renner. *The First-Grade Scientist*. December 69:9

Stauss, Nyles G. *Embryonic Development in View*. November 69:16

Stern, David. *The Solar Eclipse*. January/February 70:12

Taneman, Ira (Science and Teachers) September 69:6

Theiss, Frances Case. *Bridging the Information Gap*. November 69:21

Theresa, Sister. (Science and Teachers) April 70:5

Thompson, R. Stephen, Charles E. Hoger, John D. Woolever, and Ouida L. Verizzo. *Chance of a Lifetime*. January/February 70:15

Thomson, Barbara S. and Alan M. Voelker. *Programs for Improving Science Instruction in the Elementary School, SCIS*. (ERIC) May 70:29

Troyer, Donald L. and James E. Weigand. *An Intern-Consultant Program*. December 69:22

Vannan, Donald A. *"Food for Thought."* September 69:10; (Letters) May 70:6

Verizzo, Ouida L., John D. Woolever, Charles E. Hoger, and R. Stephen Thompson. *Chance of a Lifetime*. January/February 70:15

Voelker, Alan M. and Robert E. Rogers. *Programs for Improving Science Instruction in the Elementary School, ESS* (ERIC) January/February 70:35; *SCIS*. May 70:29

Vogelsang, Marcia, Lloyd M. Bennett, and Rose F. Spicola. *Pre-School Children Learn Science*. May 70:10

Wagner, Bartlett A. (Letters) May 70:6

Wahla, James (Letters) April 70:7

Ward, Alan. *Wit-Falls*. December 69:13; January/February 70:29; April 70:15; May 70:16

Waters, William H. (Letters) December 69:6

Watts, Thomas H. *The Elementary Institute of Science, 1964-1970*. May 70:19

Weigand, James E. and Donald L. Troyer. *An Intern-Consultant Program*. December 69:22

Widick, Paul R. *The Particle Theory of Matter*. December 69:14

Windus, Eric M., Jr. (Letters) April 70:7

Woolever, John D., Charles E. Hoger, R. Stephen Thompson, and Ouida L. Verizzo. *Chance of a Lifetime*. January/February 70:15

Wulfson, Stephen (Science and Teachers) December 69:8

Zimmerman, Marianna. *The Inconstant Moon*. April 70:26

SUBJECT INDEX

Biology

America's Open-Air "Classrooms." William H. Matthews III. March 70:7

Basic Mycology. Lilla M. Goodwin. April 70:9

Beautification of Billy Goat Hill, The. September 69:15

Danger in the Backyard. A. H. Drummond, Jr. October 69:11

Embryonic Development in View. Nyles G. Stauss. November 69:16

How Does Your Garden Grow? (Science Seminar) Irwin Spear. September 69:27

Mold Culture. Thomas D. Johnsten. January/February 70:25

Monarch Travels First Class. A. Margaret Z. Perrie and Jane Chapman. April 70:12

School Ground Deserts Can Flower. Clifford E. Knapp. January/February 70:30

Seed with a Twist, The. Kenneth W. Johns and William A. Meister. April 70:22

Vivarium, The. Lawrence F. Lowery. October 69:22

What Is Home? Paul F. Ploutz. April 70: Cover II

Young Children's Attitudes About Environment. Mary Hurlbut Cordier. October 69:19

Your Town, A Biotic Community with People. Beth Schultz. October 69:15

Chemistry

Fooling Around with Water. Michael Rice. December 69:16

Particle Theory of Matter, The. Paul R. Widick. December 69:14

Preparation of Oxygen, The. Francis W. McCarthy. April 70:16

"Time To Dye, A." Marion A. Skelton. November 69:15

Varied Uses of Iodine Vapor. Robert Howard Goldsmith. September 69:20

Earth Science

(Meteorology, Geology, Oceanography, Astronomy)

America's Open-Air "Classrooms." William H. Matthews III. March 70:7

Build a Teaching Weather Station. George W. Donaldson and Robert E. Roth. April 70:24

Chance of a Lifetime. John D. Woolever, Charles E. Hoger, R. Stephen Thompson, and Ouida L. Verizzo. January/February 70:15

Conversations with the Earth (Science Seminar) Edward Hamming. October 69:37

Eclipse 1970, Celestial Spectacle of the Century. Franklyn M. Branley. January/February 70:9

Eclipse '70. May 70:12

Fossil Forests of Yellowstone Park, The. Erling Dorf. March 70:15

Geology of the Yosemite Valley. Gordon B. Oakeshott. March 70:18

Hurricane Pods. March 70:44

Inconstant Moon, The. Marianna Zimmerman. April 70:26

Limestone Caverns. Richard L. Powell. March 70:36

Meteor Craters. Russell F. Schleicher. October 69:27

Mount Rainier—Our Only Glacial Volcanic National Park. John Eliot Allen. March 70:12

Nature and Creativity. Robert E. Samples. November 69:9

"Nature"—As A Teacher. Don De Nevi. October 69:11

Nature's Hot Water Heaters. William R. Pampe. March 70:32

"Pod Luck." May 70:27

Photographing the Solar Eclipse. January/February 70:14

Sand. William R. Pampe. January/February 70:27

School Ground Deserts Can Flower. Clifford E. Knapp. January/February 70:30

Solar Eclipse, The. David Stern. January/February 70:12

Viewing Solar Crescents. James Olsen. January/February 70:21

Word of Caution, A. January/February 70:11

NSTA Activities

Atlantic City Regional. March 70:2

CESI Board of Directors Meets, The. November 69:2

CESI Meets at Annual Meeting. May 70:2

CESI Nominations Announced. January/February 70:2

CESI Officers. April 70:2

Do You Want to Work Abroad? October 69:2

Drug Abuse Education Project Announces Guideline Publication. November 69:2

Future Scientists of America. September 69:36

New NSTA Affiliates. March 70:2

New NSTA Officers Announced at Cincinnati Meeting. April 70:2

New Publications. October 69:2; January/February 70:2; April 70:2

New S&C Advisory Board Members and Consultants. September 69:2

Nominations for New Officers Needed. October 69:2

Nominations for NSTA Officers. January/February 70:5

NSF Funds NSTA Study. May 70:2

NSTA Annual Meeting. October 69:29; November 69:27; January/February 70:44; May 70:24

NSTA Board Report. October 69:4

NSTA Committees, 1969-70. December 69:2

NSTA Elementary Science Specialist Accepts AID Assignment. December 69:2

NSTA-NEA Program Popular. October 69:6

NSTA To Meet at AAAS Meeting. November 69:2

NSTA Regional Conferences. September 69:21

Representation Districts of NSTA. October 69:4

S&C Advisory Board Meets. May 70:2
S&C Wins Awards. September 69:2
Silver Symposia Report. September 69:10
STAR and Ohaus Awards Programs.
 September 69:14

Physics

Classroom Foils. William N. Pafford.
 January/February 70:22
Continuing "A Fresh Look at an Old Experiment." Hy Ruchlis. September 69:18
Laws of Inertia. Dorothy Grant Hennings. December 69:12
Light Year Is A Light Year Is A . . . A. Robert L. Shrigley. November 69:25
Perception, Size, and Distance. Victor A. Perkes. May 70:7

Programs, Facilities, and Resources

Ad-availables. September 69:32; October 69:18; November 69:24; December 69:19; January/February 70:26; March 70:11; April 70:20; May 70:18
Bridging the Information Gap. Frances Case Theiss. November 69:21
Elementary Institute of Science, 1964-1970. The. Thomas H. Watts. May 70:19
Guide to the National Parks. A. March 70:24
Intern-Consultant Program. An. Donald L. Troyer and James E. Weigand. December 69:22
NARST Program Scheduled. October 69:42
National Park Service Programs. March 70:10

Our National Parks. March 70:22
Programs for Improving Science Instruction in the Elementary School. ESS (ERIC) Robert E. Rogers and Alan M. Voelker. January/February 70:35; SCIS. May 70:29
Reading: The Science Teacher's Concern. William Kent Hudgins and Ronald E. Reed. November 69:19
Resources Reviews. September 69:33; October 69:44; November 69:37; December 69:26; January/February 70:49; April 70:33; May 70:38
Sources for Resources. March 70:11
Where to Find Your National Parks. March 70:26
Wit-Falls. Alan Ward. December 69:13; January/February 70:29; April 70:15; May 70:16

Science Education

"Children Can't Think." Allan K. Kondo. October 69:31
Classroom Foils. William N. Pafford. January/February 70:22
Conceptual Field Trip. The. Matthew J. Brennan. March 70:34
Education and Our Ecological Crisis. John Klimas. March 70:30
First-Grade Scientist. The. Don G. Stafford and John W. Renner. December 69:9
"Food for Thought." Donald A. Vannan. September 69:10
Fooling Around with Water. Michael Rice. December 69:16
Goals for Science Teaching (Science Seminar) Rhoda Makoff. October 69:8
Human Computer. A. Paul B. Kissinger. April 70:18

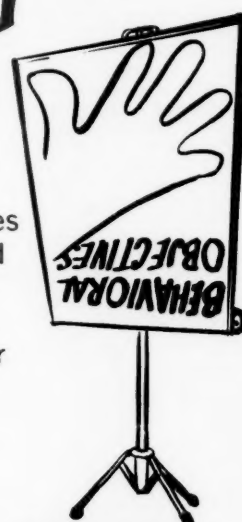

Inexpensive "Riker" Mounts. Frank Kozar. January/February 70:24
Nature and Creativity. Robert E. Samples. November 69:9
"Nature"—As A Teacher. Don De Nevi. November 69:11
Potpourri with Purpose. Alfred De Vito. May 70:14
Pre-School Children Learn Science. Lloyd M. Bennett, Rose F. Spicola, and Marcia Vogelsang. May 70:10
Programs for Improving Science Instruction in the Elementary School. ESS (ERIC) Robert E. Rogers and Alan M. Voelker. January/February 70:35
School Structures Versus the Science Curriculum. Glenn H. Crumb. November 69:31
Science Methods Courses for Elementary Teachers. Mildred T. Ballou. September 69:7
Square Science. Chris Bueche. December 69:21
Take Some Papers. Pearl Astrid Nelson. September 69:12
Teacher Education in Action. Donald K. Hamilton and Maurice G. Kellogg. September 69:24
Techniques for Developing Discovery Questioning Skills. Arthur A. Carin. April 70:13
Try It On for Size. Maurice J. McCauley. October 69:26
What Do You Remember from Elementary School Science? William C. Ritz. October 69:34
What Is Science? Dierdre Hunter. October 69: Cover II
Who's Responsible for Learning? David P. Butts and Earl J. Montague. May 70:17

WHY BEHAVIORAL OBJECTIVES?

(An Audiovisual Aid)

Overhead transparency, tape-sound sequence (3¾ inches per second). Includes script and suggestions for use, copy of audience participation sheet, and criterion test. Rental \$4 per week plus return postage. Purchase price \$25.

NATIONAL SCIENCE TEACHERS ASSOCIATION

The Professional Organization for All Teachers of Science
 1201 Sixteenth Street, N.W. Washington, D. C. 20036
